SGS Hosts McDonald's Food Safety Collaboration Panel at Global Food Safety Conference Feb. 17

Session Will Address the Role of Collaboration in the Food Supply Chain; Registration Required

The logo for SGS, consisting of the letters 'SGS' in a bold, sans-serif font. The letters are dark grey with a thin orange vertical line to the right of the 'S' and a thin orange horizontal line below the 'S'.

SGS Food Services is hosting McDonald's: Collaboration in Food Safety & Brand Protection, a breakfast session at the 11th Global Food Safety Conference in Orlando, Florida, from 7:45-8:45 am on Friday, February 17. Panelists from McDonald's Corporation, global and local suppliers, a scheme owner and a certification body will provide real-world examples and insights on the role of cooperation in creating a culture of food safety and brand protection from farm to front counter. [Registration](#) is required.

The session will be moderated by Steven Sklare, Sales Executive Food Safety Services, SGS, USA. Panelists will include:

- Amy Wilcox, Manager Quality System, US Supply Chain Management, McDonalds, USA
- Roger Bont, Global Quality Assurance Director, Corporate Food Safety and Regulatory Affairs, Cargill, USA
- LeAnn Chuboff, Senior Technical Director, SQF Institute, USA
- Raul E. Fajardo, VP, Global Quality, McCain Foods Ltd., USA
- Kevin Edwards, Associate Director Food, SGS, USA

The session will be held at the site of the conference, the Hyatt Regency Grand Cypress in Orlando. Registration is available at www.tcgffoodsafety.com.

SGS is a Premium sponsor of the conference, which runs from February 15-17. The annual event will bring together over 1,000 leading food safety specialists from over 60 countries to advance food safety globally.

As part of its overall Food Services portfolio, SGS offers comprehensive third-party food safety services for the whole food supply chain from farm to fork. Programs include [Global Food Safety Initiative \(GFSI\) certification](#) services to ensure compliance with multiple food safety standards. The company's food safety experts will be available at Booth #24 throughout the Global Food Safety Conference to answer questions.
